

To the Conifer Medical Center community and the all the patient's I've had the privilege to treat,

It's with bittersweet sentiment that after May 2nd I'll no longer be working at Conifer Medical Center. Family is the thing I value most in this world and after two years of living in Colorado its time for me to go back to Minnesota and be with my family.

Conifer Medical Center was easily the best part of my time in Colorado. I have had unparalleled guidance, mentorship and an environment to grow both personally and professionally thanks to the superb providers, staff and patients here. It is truly the highest class of medicine I have witnessed in both my educational and professional careers. I would trust all of these great providers with treating my own family. I routinely told my colleagues, friends and family that as long as I was in Colorado I would never work anywhere else.

And to my patient's that I have had the honor of treating I say thank you. It's with a heavy heart I leave not being able to continue to serve you but I take solace that you are left in more than capable hands. I have learned something from each and every one of you and am truly blessed and a better man because of you. I hope you have taken a little something from me as well.

Take care,

Matthew Sanocki, PA-C
